Tobacco farmers from 43 counties of the old bright tobacco belt of North Carolina and Virginia who filled the Masonic Temple at Danville last Saturday adopted a contract which calls for 65 per cent of all tobacco in that area and for the absolute delivery to their co-operative association of all tobacco grown on the land of every signer from 1927 to 1931, or no association.

Why Not?

The geographical sub-divisions of the state are organizing:—The Shanandoah Valley, inc.; Southwest Va., inc.; Tidewater Va., inc. Why not Piedmont Va., inc., and why not Southside, Va., inc.

Henrico county has organized its board of supervisors and is now inviting all counties to join the association of supervisors. These supervisors claim that the approaching session of the General Assembly is to be an important one, dealing particularly with the tax questions and in order to meet any attempt by the solons to increase the burdens of the farmers of Virginia, organization is needed. Why not let the board organize? The clerks, the sheriffs, and Commissioners of Revenue are organized. The boards should organize and should aid the Legislature in all legislation and certainly no private bill should be passed effecting the county without the endorsement of the board of such county.

Thanksgiving

WRITTEN BY MARY WESTERRY, AGE 13, PAMPLIN, VA.

Thanksgiving as most people know is a purely American festival having its orgin in the earliest colonial days, and in the very hearts of rigid, steadfast New England. In 1620 the pilgrim fathers and their devoted little clan, landed on the coast at Plymouth, Mass. They endured many hardships, and had just a little corn to eat. The weather was so severe that a great many died.

Under Governor Bradford the first Thanksgiving was celebrated on November 21, 1621 where he set forth skill sportsmen to kill turkeys, venison and wild birds and other games.

They invited some friendly indians, the women gathered wild fruit and had some fish, no place in the colony was large enough so it was held out doors, the women got the wood and built the fire, while the men made long tables under pine trees, and used wooden spoons as there was no silverware those days.

There was feasting, preaching singing, games, and sports, which lasted for three days. This ended the first Thanksgiving held on bleak New England shore, and will loyal Americans remember the little gathering of the red men and pale faces at Plymouth, when they clustered about the Thanksgiving table and keep the national November holiday.

We are glad that the President has appointed the last Thursday in November to give thanks unto God. An official character is thus stamped upon this day as no other holiday has, as the requests that the people properly observe it. It is only right to give thanks one day in the year for all our blessings. I think everyone should attend the Thanksgiving services and not spend the entire day in games and sports. Let us render thanks unto Jehovah for all of his benefits.

All that loving hearts and willing hands could do was done, but the Master entered the fold and took into His kingdom the dear little lamb which he loaned the earth for a while. The remains were interred at Bulah, M. E. church on Wednesday evening at 2 o'clock. The tiny mound was covered with beautiful flowers, an emblem of purity and sweetness of the life gone forever; troubled hearts be comforted, and cast your care upon Him who careth. Small white hands are folded,

Quiet now thy silent feet,
Brightest eyes are closed forever,
Gone the smiles that were so sweet.

BILIOUS SPELLS
Kentucky Man Finds Relief from Dizzy Attacks.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. A. Nevins, of Lawrenceburg, Ky. "I would have dizziness at times and couldn't work.

"I would take pills until I was worn-out with them. I didn't see to get relief. After taking the pills my bowels would act a couple of three times, then I would be very constipated.

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything.

"It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of 'pep' and could do twice the work."

Made from pure, medicinal roots and herbs, Black-Draught is nature's own remedy for such symptoms as the above, when due to a torpid liver.

How it heats every room —instead of only one

Because it operates like a furnace instead of a stove, the Sunbeam Cabinet Heater is able to keep the first and second floors of the small home warm and comfortable. It draws the air in at the bottom, heats it and sends it out through the top in such volume that the warm air circulates into every nook and corner of every room. Coal and wood will give the same good result.

Since there is only one fire to feed, a saving in work and a saving in fuel bills result from the use of this heating device. It includes the attractive piece of furniture and needs no basement. As the cold never gets hot, safe heating for the home with little children or invalids.
